Instructions for SC2220 - 2004

PURPOSE OF FORM

SC2220 is used by corporations (including S corporations, limited liability companies (L.L.C.) taxed as a corporation, and tax exempt organizations subject to the unrelated business income tax) to determine whether they paid enough estimated tax, whether they are subject to the penalty for underpayment of estimated tax and, if so, the amount of penalty. Estimated tax is a corporation's expected income tax liability minus its credits. A corporation must make estimated tax payments if it can reasonably expect its estimated tax to be \$100 or more.

HOW TO USE THIS FORM

Complete Part II of SC2220 to find out if you have an underpayment for any of the four installment due dates. If you have an underpayment on line 15 (column a, b, c, or d) go to Part III, How to Figure the Penalty.

Part II. Figuring Your Underpayment

Complete lines 4 through 16 in Part II. The instructions for most of these lines are on the form itself. Follow the instructions below for lines 5, 8, 9 and 15.

Line 5 Figure your 2003 tax in the same manner as line 4 of this form was determined, using the tax and credit from your 2003 tax return. If you did not file a return showing at least some amount of tax for the 2003 tax year, or if your 2003 tax year was for less than 12 months, do not complete this line. Instead, enter the amount from line 4 on 6. 'S' corporations refer to federal Form 2220 instructions for amount to enter on line 6. "Large corporations" refer to line 8 instructions for the amount to enter on line 5.

Line 8 If the corporation's income varied during the year because, for example, it operated its business on a seasonal basis, it may be able to lower the amount of one or more required installments by using the annualized income installment method or the adjusted seasonal installment method. To use either of these methods to figure your required installments, use the federal forms, worksheets and instructions with the necessary South Carolina adjustments. Write either "adjusted" or "annualized" to the left of line 8 to indicate use of either of these methods. Attach a copy of the worksheet to SC2220. If you are a large corporation, as defined in the Internal Revenue Code Section 6655, refer to federal Form 2220 instructions for the amounts to enter in columns (a) through (d) of line 8.

Line 9 In column (a), enter the estimated tax payments deposited by the 15th day of the 4th month of your tax year; in column (b), enter payments you made after the 15th day of the 4th month through the 15th day of the 6th month of your tax year; in column (c), enter payments you made after the 15th day of the 6th month through the 15th day of the 9th month of your tax year; and, in column (d), enter payments made after the 15th day of the 9th month through the 15th day of the 12th month of your tax year. Include in your estimated tax payments any overpayment of tax from your 2003 return that you elect to apply to your 2004 estimated tax.

Line 15 If any of the columns in line 15 shows an underpayment, complete Part III to figure the penalty.

Part III. How to Figure the Penalty

Complete lines 17 through 36 to determine the amount of the penalty. The penalty for the period of underpayment is determined under Internal Revenue Code Section 6655 at a rate determined under Internal Revenue Code Section 6621. See Section 12-54-25(D) of South Carolina Code of Laws.
