SC1040TC WORKSHEET INSTRUCTIONS

CREDIT FOR TAXES PAID TO ANOTHER STATE (Rev. 8/26/08)

This Worksheet provides a summary of the credit for taxes paid to another state. Complete the other state return first. You must have filed a return with another state in order to claim this credit.

The credit is available to a South Carolina resident or a part-year resident if state income taxes are paid to South Carolina and another state on the same income. **The credit is computed only on income that is required to be taxed in both states.**

You may claim the credit on your South Carolina return only if you actually filed a return with the other state and had a tax liability to the other state. Tax liability does not refer to the tax withheld from

your pay, but rather to the tax computed on the other state's return (the amount the other state did not refund to you).

A copy of the federal return and the other state's tax return(s) must be filed with the Department at the time the credit is claimed. Complete a separate SC1040TC Worksheet for each state.

Attach an explanation if you are claiming a tax credit on Schedule NR. In order to claim a tax credit, you must have been a South Carolina resident at some time during the tax year.

LINE 1

SC1040 filers:

On line 1 you must account for state and federal differences to determine total South Carolina income. Total federal income must be **adjusted by applicable additions and subtractions.**

Complete the following worksheet:

Total income from federal Form 1040, line 22;
1040A, line 15; or 1040EZ, line 4 **received**
while a resident of South Carolina A. _____
Add amounts from SC1040, line 33 and 35
and enter here. B. _____
Add lines A and B C. _____
Add amounts from SC1040, lines 38 - 42,
45 - 49 and 51. Enter here. D. **< _____ >**
Subtract line D from line C. Enter on line 1,
SC1040TC Worksheet. E. _____

Line 36, (other additions), and 53, (other subtractions), are used rarely. Items entered on these lines must be considered individually to determine whether line 1 of SC1040TC Worksheet is affected.

Example: Mr. B's total income from federal Form 1040, line 22, is \$36,000. South Carolina adjustments are as follows: State refund \$300; out-of-state loss on rental property \$4,500; and interest from U.S. Bond \$200. In this example, the amount to enter on line 1 of SC1040TC Worksheet is \$40,000 (\$36,000 plus \$4,500 minus \$300 minus \$200).

SC Schedule NR filers:

For line 1 use the amount from line 16, Column B plus line 42, Column B.

LINE 2

Line 2 should reflect the gross amount of income which was included in line 1 and was also taxed by another state.

Social Security Privacy Act Disclosure

It is mandatory that you provide your social security number on this tax form. 42 U.S.C 405(c)(2)(C)(i) permits a state to use an individual's social security number as means of identification in administration of any tax. SC Regulation 117-201 mandates that any person required to make a return to the SC Department of Revenue shall provide identifying numbers, as prescribed, for securing proper identification. Your social security number is used for identification purposes.

Example 1: Mr. R is a resident of South Carolina who works in another state. The other state's return shows wages of \$20,000. No other income sources appear on the other state's return.

Line 2 would be \$20,000 as that gross amount (before deductions and exemptions) was included in line 1 and is being taxed by another state.

Example 2. Same as example 1 except Mr. R's other state's return also shows \$10,000 in rental income from a property located in the other state. Line 2 would reflect \$20,000 as the \$10,000 rental income located in the other state is not taxed by South Carolina.

Remember: You are determining the gross amount of income being taxed by both South Carolina and another state.

LINE 6

Line 6 should reflect **only the portion of the tax paid** to the other state which is attributable to the income which is being taxed by both states. **Do not use withholding amounts shown on your W-2 forms.**

Example: Mr. M's other state's return shows \$5,000 in wages, \$7,000 in rental income from the other state, and \$8,000 from the sale of a house located in the other state. The other state's total tax liability is \$546. Since only the \$5,000 in wages is subject to tax in both states, line 6 would be computed as follows:

$$\frac{\$ 5,000}{\$20,000} \times \$546 = \$137$$

The credit is limited to the South Carolina tax or the other state's tax on the income being taxed by both states, **whichever is less.**

Total line 7 from all worksheets and enter total on SC1040TC, line 1.

NOTE: If you are allowed this credit for taxes paid another state, and that state later refunds or credits part of the tax which generated the credit, you must repay the South Carolina Department of Revenue within 60 days from the date of receipt of the refund or notice of the credit, by filing an **SC1040X** (Amended Return).
