Instructions for SC1101 B

WHAT'S NEW

The Textiles Communities Revitalization Credit in Section 12-65-30 provides either a property tax credit or a credit against individual or corporate income tax, bank tax and/or corporate license fees. File TC-23 to claim this credit.

GENERAL INFORMATION - Banks **cannot elect S Corporation status** for SC bank tax purposes. For federal S corporations, prepare and attach a pro forma Federal Form 1120 and enter the taxable income on line 1.

For the purpose of allocation and apportionment, all of the provisions of Chapter 6, Title 12 that may be appropriate or applicable have been adopted for banks.

Audit Location includes a block for Audit Contact Information.

TAXPAYER ID INFORMATION - If preprinted name and address is not included on form, please enter them.

When to File: The return must be filed by the fifteenth day of the third month after the tax year end.

Request for Extension to File:

- If any bank tax is anticipated to be due, the taxpayer must make payment with SC1120-T by original due date.
- If no bank tax is anticipated to be due and the taxpayer has requested a federal extension, then the federal extension will be accepted as a SC extension if the bank return is received within the time as extended by the Internal Revenue Service.
- A savings bank is a savings and loan, not a bank.
- A copy of the federal or SC extension(s) must be attached to the return when filed.
- There is no extension for payment of bank tax. Any bank tax due must be paid by the prescribed due date to avoid the assessment of late penalties and interest.

Who must File: Any person engaged in a banking business in SC, except cash depositories.

Where to File: South Carolina Department of Revenue, Corporation Return, Columbia, SC 29214-0100.

Accounting: The accounting method must be the same as the method used for federal income tax purposes. If a change in accounting is approved or changed by the Internal Revenue Service, the taxpayer must provide the SC Department of Revenue with a copy of the written permission received from the Internal Revenue Service.

Declaration of Estimated Tax: A bank must file a Declaration of Estimated Tax with the SC Department of Revenue on or before the fifteenth day of the fourth month of the taxable year, **if the amount of estimated tax is one hundred dollars or more.** The Declaration of Estimated Tax must be calculated on SC1120-CDP. One hundred percent of the tax liability shown to be due on the SC1120-CDP must be paid when filing the declaration or in four equal installments on the fifteenth day of the fourth, sixth, ninth and twelfth month of the taxable year. A bank may avoid the penalty for Underpayment of Declaration by making each payment on time and if the total tax paid is at least the same as the total tax due, pursuant to the requirements for federal estimated income tax in Internal Revenue Code Section 6655. See SC2220 for computation of the penalty.

Tax Imposed: A tax is imposed upon every bank engaged in business in the state which shall be levied, collected, and paid annually with respect to the entire net income of the taxpayer doing a banking business within the state or from the sales or rentals of property within this state, computed at the rate of four and one-half percent of the entire net income of such bank or taxpayer.

Line by Line Instructions

Line 1 Enter the taxable income as shown on the federal tax return, Form 1120 or Form 1120A. **The federal return and all supporting schedules must be attached.**

Line 2 Net Adjustment - see Schedules A and B.

Additions to federal taxable income include all income items which are recorded on the books but are not included in federal taxable income. Examples:

- (1) Interest on state and local obligations.
- (2) Accretion of bond discount.

Additions to federal taxable income also include all expenses deducted on the federal return which are not charged against book income. Examples:

- (1) Federal bad debt deduction.
- (2) Federal depreciation in excess of book.
- (3) Federal net operating loss deduction. (Banks are not allowed a net operating loss deduction.)

Deductions from federal taxable income include all income items subject to tax on the federal return that have not been included in book income. Examples:

- (1) Tax over book sale income.
- (2) Tax over book securities income.

Deductions from federal taxable income also include all expenses that have been recorded on the books but which have not been deducted on the federal return. Examples:

- (1) Nondeductible travel and entertainment expense.
- (2) Nondeductible amortization.

Line 4 - ALLOCATION AND APPORTIONMENT Generally the taxable income related to the business of a multistate bank is apportioned to SC using the gross receipts method of Code Section 12-6-2290. Gains and losses from real property less related expenses are allocated to the state where the real property is located. Dividends received from corporate stocks not connected with the taxpayer's business (after dividends received deductions under Internal Revenue Code Section 243) less all related expenses, are allocated to the state of a bank's principal place of business.

Line 6 - Attach SC1120-TC and applicable tax credit schedules. Banks may now qualify for New Jobs Credit, Infrastructure Credit, Palmetto Seed Credit, Venture Capital Investment Credit, Corporate Headquarters Credit, Community Development Tax Credit, Credit for Child Care Program, Industry Partnership Fund Credit, and the Textiles Rehabilitation Credit.

If claiming Venture Capital Investment Credit, the fund will issue a tax credit certificate. Please attach a copy of the certificate. **The credits claimed cannot exceed your tax liability.**

Line 10 - UNDERPAYMENT OF ESTIMATED TAX If the bank underpaid it's estimated tax, complete SC2220 and attach it to the return. If the bank owes a penalty, show the amount in the space provided. If the bank is due a refund, subtract the penalty amount from the overpayment shown on line 12. SC2220 is available upon request or visit our website: www.sctax.org
